Dear Students

Swami Vivekananda, the great reformer and thinker of India used to say that '**A Nation is advanced in proportion to education and intelligence spread among the masses.**' He held the opinion that a sculptor has a clear idea about what he wants to shape out of the marble block; a painter knows what he is going to paint and similarly if a teacher molds the students then he is actually molding the future of a nation. Swamiji attempted to establish, through his words and deeds, that the end of all education is man making. Similar are my views that our nation will grow leaps and bounds if the education provided to its youth is contributing to the success of society, nation and humanity.

JECRC University with its decade long background has tried to provide the best education, research innovation, job opportunities and overall development to its students. It has created a platform that provides the world-class education and ethical values which help growing India along with making its mark in the Globe.

I invite you to explore the corridors of JU which will give you the glimpse of a perfect future. Come, join and give voice to your unsaid dreams.

Best Wishes!!

O.P. Agrawal
Chairperson

President Speaks

Prof. Victor Gambhir

All of us are passing through a testing time due to pandemic and a lot of disruption has happened in the 15 months in the education canvass of India. Had there been no pandemic, this would have been fantastic period for education sector because of the announcement of New Education Policy 2020 and the initiatives taken by the Government of India in digitisation of learning process, focus on research outcomes, participation of higher education institutions in national and international rankings etc. The blessing in disguise in pandemic times was continuation of theory classes through online mode, the transition which has been made very smoothly across educational institutions.

JECRC University has become a brand to reckon with because of multiple reasons including committed and qualified teachers, innovation led research culture, state-of-the-art infrastructure including labs, innovation led research environment, incubation and start-ups ecosystem, exemplary placement records on year to year basis, and overall highly committed and energetic students, who remain on the front and accept each and every challenge of quality learning.

We, at JECRC University strongly believe that when a student graduates from a university, there must be an affirmative change in her / his knowledge, skills, behaviour and attitude in such a manner that she / he is prepared in take the work responsibility at the employer's end head on. The entire teaching learning eco-system in JECRC University has been designed keeping in mind, the above conviction and it strongly reflects in the curriculum, and outside the class activities. There is a complete focus on Outcome Based Education and Project Based Learning.

Once you take admission in JECRC University please be assured that you will be on the right track of your career– building, provided you are committed and career-oriented. Without repeating the strengths of JECRC University which are reflected in this Admission Brochure, I can assure you that you will enjoy your journey with us and achieve whatever goals you set for yourself.

Keep in mind the lines of Swami Tulsidas in Ramcharit Manas:-

सकल पदार्थ हैं जग माहीं,
कर्महीन नर पावत नाहीं ।

Shri Krishna in Bhagwad Geeta tells Arjun that "You are kept from your goals not by obstacles but by a clear path to a lesser goal."Once you have chosen to repose your faith in JECRC University, remain assured that the only person who may stop you from succeeding will be YOU only.

Welcome at JECRC University. Come and Build Your World.

# TRAINING & PLACEMENT

CORPORATE CONNECT

Corporate connect plays a crucial role in training & placement cell of any institution, providing multiple & versatile career opportunities for Graduates and Post Graduates passing out by keeping in touch with reputed firms and industrial establishments. The Corporate Connect program is a strategic initiative under taken by the JECRC Foundation to integrate various facets of real-life corporate experiences into the curriculum. As a part of the Corporate Connect program multiple hierarchy level executives, entrepreneurs and eminent industry experts from various fields and industry sectors are invited to share their practical experiences in the context of theoretical discourses the students have undergone. This not only helps students to take their learning out from the class room to apply it in real life but also increases their employability quotient by mentoring them to have an application and performance-driven mindset.
In a motto to ensure placements of students appearing in campus drives we conduct pre-placement training in a form of Campus Recruitment Training (CRT) Programs for all the schools (Engineering, Computer Application, Commerce & Management, Sciences, Design, Hotel & Hospitality, Journalism & Mass Communication, Law and Agriculture). CRT is specially designed for 200 hrs program which covers all the pre required training specifications by various companies in their selection process which covers Aptitude, Technical, Communication skills assessments. We conduct offline sessions by experts of industry, topic and company specific on/off line Tests, Mock sessions for Technical & HR Interviews, Group Discussions & Presentations. In addition to engineering and management, we design extraordinary sessions to develop hone skills & grooming personally and professionally to place students of new schools which cover Design, Hotel & Hospitality, Mass Communication and Law school.

The number of students placed through campus recruitment is continuously rising. On invitation, many reputed industries visit the institute to conduct the placement process. **We have been successful in maintaining our high placement statistics over the years and the fact that our students bear the recession blues with record-breaking placements itself is a testimony to our quality.**

INTERNSHIP

Seeing current situation of the market, where there is cut throat competition and that one can attain success only by gaining practical experience and exposure, JECRC University has introduced Internship program for all its final year students. Internship not only integrates knowledge and theory learned in classroom with practical application but also empowers interns by developing much solicited skills in professional setting.

JECRC University believes in 360° development of its students and to give them a competitive edge in a world of rising global competition for a talented and innovative workforce, we have adopted experimental learning in the form of internship. JECRC University firmly believes in importance of Internship as there is no substitute for experience.

This year, due to covid-19, evaluation of the internship was conducted online by domain specific panel of industry experts from renowned companies.

- **6** Years of Best in class Internship
- **4098** Successful Internships
- **86** Internship Drives
- **68%** Paid Internship
- **22** Students got Internship in ISRO
- **79%** Paid Internship Converted to Job Offers
- **70K** Stipend in International Internship

Our Recruiters:

JECRC INCUBATION CENTRE (JIC)

In modern times startups are the most important change required in the country.

JECRC Incubation Centre is promoting the culture of innovation and entrepreneurship among students and faculties to develop the robust entrepreneurial ecosystem in the country by mentoring young innovators and empowering them with the **21st-century skills** of critical thinking, design thinking, collaboration, and latest technologies. We are providing a real and viable alternative path to improve employability.

5 Million+ Disbursed through various programs	20+ Incubated Start-ups	First centre in Rajasthan with dedicated Startup Policy for Students	100+ Entrepreneurs Nurtured
50+ Job Opportunities Created	3 Accelerator Programs	150+ Alumni Startups	

JECRC Incubation Center (JIC) is an integral part of JECRC University, which supports entrepreneurs early and helps them create commercially viable and scalable businesses. JIC fosters an entrepreneurial culture around academics, research, and innovation.

JECRC Incubation Centre is the first academic incubator in the state of Rajasthan with a well-defined Startup Policy for Students. The policy is designed with the core objective to support and enable innovative ideas to turn into successful startups. According to policy additional benefits will be given to incubated startups. (For mature and operational startups) and all the requisite facilities will be provided like structure Mentorship, Co-working space, Industry Connections, and Financial Assistance.

Recognition:

Recognized as one of the only twentyGroup 2 Centre (G2C) in India by Ministry of Electronics & Information Technology, GOI under TIDE2.0 Scheme.

Recognized as "Most Promising Academic Incubator in India" by Asia Today Research & Media

Partners of JIC

Digital Impact Square (DISQ), A Tata Consultancy Services Foundation Initiative

Digital Impact Square (DISQ) is an open social innovation center - in the city of Nashik, Maharashtra. DISQ encourages innovation using digital technologies to address social challenges prevalent in Health and Hygiene, Housing and Transportation, Food and Agriculture, Energy, Water and Environment, Financial and Personal Security, Citizen Empowerment and Transparency, Education and Skills development across India. Through this partnership JIC supports Early-stage startups to scale their innovation and to create a sustainable & scalable Social Start-up.

TIE Rajasthan

TiE Rajasthan is the premier entrepreneurship promotion organization of Rajasthan active in areas of educating, mentoring,

networking, incubating and investing in innovative startupssince year 2002 in Rajasthan. Over 200 members of TiE Rajasthan represent different sectors of the industry and are working towards a common goal of fostering entrepreneurship. JIC has partner with TiE with the motive to build a robust startup ecosystem in Rajasthan.

Headstart

Headstart is one of India's oldest and largest startup ecosystem development organizations. They have been chasing the vision 'changing the world with entrepreneurship' ever since. It is a not-for-profit organization, almost entirely volunteer driven! JIC has collaborated with Headstart to aware and sensitize young student about entrepreneurship.

Technology Incubation & Development of Entrepreneurs (TIDE 2.0)

Ministry of Electronics and IT, (MEITY) India, selected JECRC University as one of the prestigious TIDE centers across the country, and the first one in Rajasthan. Under the TIDE grant program, we were given a great opportunity to scout, shortlist, and select the unique and innovative startups in their line of business. So far we have already disbursed over INR 44 lakhs in form of a grant to 08 startups. In the current TIDE 2.0 grant program, we have received an overwhelming response from startups across the country.

E-CELL

JECRC University Entrepreneurship Cell is a non-profit student organization dedicated to promoting the spirit of entrepreneurship among students. In the process of identifying, nurturing, training and establishing start-ups, E-CELL is involved in a wide range of activities. E-CELL is a part of the JECRC Incubation Centre.

"For the students, By the students"
Our Vision is to develop, enhance and carve out the inner entrepreneurial potentials of students and foster the thinking of entrepreneurship among them.

We build an interactive atmosphere among major components spanning students, aspiring and existing entrepreneurs, investors, mentors, through initiatives, interactive sessions and competitions etc.

ALUMNI ASSOCIATION

At JECRC University, we work to build a lifelong bond with the students and to support this motive, JU Alumni Association works to serve as a bridge between the Alumni and the University. We provide diverse and quality networking for Alumni in addition to opportunities for them to build a network of friends with over thousands of alumni who have achieved great success in their careers.

The objective to form the JU Alumni Association is to transform the idea of life from the individualism to unification and to create the opportunities where the alumni can contribute and share seamlessly. The vision is to help the fellow members, share and influence, with what they have achieved and can do.

Currently, we have 4000+alumni placed globally and for them we offer professional and personal support such as professional networking events and career services, continuing education opportunities, and use of campus facilities.

Our alumni act as a mentor for the current students and provide them right knowledge and skills., as well as help them to get placed in MNC's. Alumni entrepreneurs help to foster student entrepreneurship because they understand the current entrepreneurship ecosystem at our institute and help them to launch their careers.

The importance of alumni network for professional networking and career growth has come to life during the covid-19 pandemic. Even during the pandemic our alumni helped us through the online platforms. Some alumni contributed their presence in various events like Alumni Annual Meet, Alumni Mavericks Club Meet, Alumni Entrepreneurship Meet, Alumni Zarurat Meet, Alumni Meet and Greet, Alumni Founders talk.

Many of the Notable Alumni are invited for judging many events, while many of our alumni are walking down the path of being entrepreneurs. They are now recognized as job creators in the industry with more than 50start-ups established rather than job seekers while achieving the best of their endeavors.

The Alumni Association has a portal where alumni can get registered themselves at www.jualumni.in and get benefitted by having all the updated information, Job Opportunities, other guidance for their overall growth.

MAKERSPACE

MAKERSPACE is a trending concept in India which gives brilliant minds space and equipment to help them turn their groundbreaking ideas into reality. The very first makerspace in Rajasthan is now open in JECRC University and was inaugurated by Mr. Hasit Kaji, Vice President, TCS on 16th August 2018. JU MAKERSPACE is collaborative work areas packed with equipment and tools where students with a bend for invention and innovation can come together under one roof to build, design, create and engineer new things, products, ideas etc.. JU MAKER SPACE University has equipped with latest technology Big 3 D Printer at STI Hub JU and It can print objects of size 1 meter X 1 meter X 1 meter (1 meter cube) and all tools and equipment such as rare digital oscilloscope, common ICs and transistors are available.

In JU Makerspace students work on many different things like 3D modeling, 3D printing, aero modelling, Robotics, electronics, Wood working, Art, Prop Making, etc. The best part is that in JU Makerspace the only limitation to a student is his own imagination.

Achievements / Events / Activities

JU Makerspace took various initiatives to organize a number of events like :

➤ "3D PRINTING WORKSHOP" for in-house Faculties & Staff.

➤ "MINI-MAKER CARNIVAL"

➤ JU Makerspace organized online workshop "**Summer with Makerspace**" during lockdown period in which JU Makerspace conducted a series of free online workshops on the technologies like Python, Arduino, Machine Learning, Web Development, 3-D Printing, Control Algorithms.

➤ **JU Makerspace and JU ECell**, conducted Ideathon 2021, which was held exclusively for First year students. The purpose of Ideathon was to keep innovation and entrepreneurship running in novice minds. In this event, 300+ JECRC freshmen participated to showcase and present their innovative ideas.

JU· Makerspace has tied up with 'Makers Lab', an initiative by Tech Mahindra. The tie up would strengthen JECRC students with latest and prevailing technological skills like Agritech, Defense, IOT, and AI/ML.

Amid pandemic 2020, JU Makerspace launched #Save_The_Saviours Initiative which was applauded by Hon'ble CM of Rajasthan, Sh. Ashok Gehlot on his social media handles. In the initiative JU Makerspace had committed itself towards manufacturing 5000+ face shields for hospitals of Delhi NCR to help our doctors, paramedics & sanitation workers so that they protect them from infection as they fight it out on the frontline.

During Covid-19 Pandemic in month of April 2021, JU Maker Space students have made two significant innovations to solve the problem of social distancing and wearing a mask namely Social Distance Badge Face Mask Detector. This work was much-admired and published in Rajasthan Patrika Newspaper and run in various National News Channel Like **ABP News, News Nation, News 18 and ETV India**..

Student Council: Voice of Students

"Service with Pride, Lead with Confidence and Inspire to Impact Lives" With this aim Student Council is leading the students since years, with the motive of effective and adaptive enhancement of students in the University Student Council being the "Voice of Students" work on the way of holistic growth of every student of the University. Student council works under the Student development office.

B.Tech./ BCA/ MCA (Cyber Security)

EC-Council was founded in 2001 by Jay Bavisi in response to the September 11 attacks to certify professionals who could protect against attacks on electronic commerce. It launched the Certified Ethical Hacker (CEH) program for white hat hackers in 2003. It is a full time specialization program along with certifications in ethical hacking.

Faculty of Management - International Centre of Excellence
(Courses Accredited by Professional Bodies)

JECRC University has partnered with ISDC – The International Skill Development Corporation to establish a distinguished International Centre of Excellence (ICoE) for offering Professional UG/PG Courses through the Faculty of Management. ISDC (International Skill Development Corporation) is a leading International Provider for British Education and Skills registered in United Kingdom (UK). ISDC has an access to 25 Professional Bodies in UK for their Market Expansion, Trans National Education and Growth. ISDC works with Universities and Higher Education Providers by Developing and Upgrading the Academic Degrees for Future to Seek External Accreditations / Memberships / Qualifications along with the University Degrees.

The International Centre of Excellence (ICoE) has been established to ensure that learners have a comprehensive understanding of the various global academic domains and certifications that are essential for them to stand out and meet the evolving industry standards. The Centre envisions to organize, converge and provide additional training to students to help them become self-reliant leaders with enhanced leadership characteristics. The Centre's numerous levels of Global Programmes are designed to assist students in gaining real world experience in various job roles to work in relevant industries. We offer the opportunity to participate in practical and integrated global programmes that are directly related to the industry. Our students earn highly relevant Global Qualifications that will aid them in their pursuit of further education or employment. Our programmes are designed to help our students to build Global Careers.

The International Centre for Excellence is an excellent choice for global education. Build on our unique teaching methods & out-of-class experiences, our students get a head start on their careers. Trained by industry experts who provide intensive, hands-on, and real-world knowledge each of our students is fine-tuned to be prepared for global career opportunities. ICoE facilitates various programmes at Undergraduate & Postgraduate Level most of which are externally accredited by relevant Global Professional Bodies which enable students to achieve additional Certifications, Qualifications and Memberships along with their Degrees.
